About Nagarro

Nagarro's SAP division pools our expertise in business-critical applications and complex ERP landscapes. We advise our customers on their SAP IT strategy and processes, implement and support systems and always strive for a long-term business partnership.

In addition to extensive experience in cross-industry standard processes, we have specific know-how in the areas of retail, life sciences, manufacturing, utilities, energy, professional services and the public sector. Our expertise is also certified: We are an SAP Gold Partner and Pinnacle Awards winner. Together with our clients, we also regularly participate in the prestigious SAP Quality Awards.

Due to our global approach, our SAP colleagues are spread all over the world, with delivery teams in the US, Germany, Turkey, France, Romania, Mexico, Iberia and India.

Nagarro helps you to future-proof your business by working with foresight, fluency and a CARING mentality. We excel in digital engineering and help our clients evolve into a people-centric, digitally-focused organization that increases their responsiveness, efficiency, familiarity, creativity and sustainability. Today, we are 18,000 experts in 36 countries, forming a nation of Nagarrians ready to help our clients succeed. Find more information: www.nagarro.com
