

**Completed your studies?**

**We offer excellent**

**entry-level opportunities!**

Want to hit the ground running with your career? Or establish a solid basis with our trainee program? With us, the choice is entirely yours! If you don't want just any old job and do want to apply your professional and personal skills to your work, we are the ideal employer for you.

**SAP Basics**

We will jointly select just the right training courses directly from SAP to give you a good insight and overview.

**Your main area**

Together with your mentor, you will dive deep into the world of SAP and select the next steps for your career.

**Project methodology**

You will learn how to structure projects in order to reliably achieve the targets set.

**Skills & Tools**

In various seminars, you will learn everything you need to know about being an SAP consultant.

**Practice**

You will familiarize yourself with day-to-day project work together with your mentor and team.

**Start with us now!**

If you're not just looking for any job, but want to make a professional and personal contribution to your work, we are the ideal employer for you.
